Dear Sir:

Accompanying this Communication is a Petition for Revival of an International Application for Patent Designating the U.S. Abandoned Unintentionally under 37 C.F.R. §1.137(b). As per M.P.E.P. §711.03(c)(D) the following is an explanation of the delay in discovering the abandoned status of the application.

The abandoned status of the application was discovered in late June 2006 when the owner of the patent application contacted the below-signed representative to assist in response to an Office Action in the corresponding Chinese patent application. Upon review of the status of that case and other National Stage filings it was determined that a corresponding U.S. National Stage filing had not been made.

It appears that the due date for the U.S. National Stage filing was either missed by previous counsel or during transition from previous counsel to other counsel. The patent owner believed that either a U.S. utility application or a U.S. National Stage filing had been made. The failure to make a U.S. National Stage filing was unintentional and, accordingly, the patent owner and applicants request revival of the international application for patent designating the U.S. abandoned unintentionally under 37 C.F.R. §1.137(b).

If there are any questions about this filing, it is respectfully requested that the Office contact the Applicants' representative listed below.

Dated: August 23, 2006

Respectfully submitted,

By B. E. Black
